SUPPLEMENT N° 1 DATED 3 NOVEMBER 2026

TO THE BASE PROSPECTUS DATED 13 MAY 2026

AXA HOME LOAN SFH

(duly licensed French credit institution)
€10,000,000,000 Euro Medium Term Note Programme
for the issuance of *Obligations de financement de l'habitat*
(the "**Programme**")

This first supplement (the "**First Supplement**") is supplemental to, and should be read in conjunction with, the base prospectus dated 13 May 2026 (the "**Base Prospectus**") prepared by AXA Home Loan SFH (the "**Issuer**") in relation to the Programme (the "**Programme**"). The Base Prospectus constitutes a base prospectus for the purpose of the Prospectus Regulation. The Base Prospectus was granted approval number 25-139 on 13 May 2026 by the *Autorité des marchés financiers* (the "**AMF**").

Application has been made to the AMF in its capacity as competent authority pursuant to the Prospectus Regulation for approval of this First Supplement as a supplement to the Base Prospectus.

The AMF only approves this First Supplement as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of the Base Prospectus as so supplemented and investors should make their own assessment as to the suitability of investing in the Notes.

The Issuer has prepared this First Supplement to its Base Prospectus, pursuant to Article 23.1 of the Prospectus Regulation for the following purposes of:

1. Updating the section *"Risk Factors"* of the Base Prospectus;

2. Updating the section "*Description of the Issuer*" of the Base Prospectus.

Terms defined in the Base Prospectus have the same meaning when used in this First Supplement.

Save as disclosed in this First Supplement, no other significant new factor, material mistake or inaccuracy relating to the information included in the Base Prospectus has arisen or been noted, as the case may be, since the publication of the Base Prospectus. To the extent that there is any inconsistency between (a) any statement in this First Supplement and (b) any other statement in, or incorporated by reference in, the Base Prospectus, the statements in (a) above will prevail.

Pursuant to Article 23.2 of the Regulation (EU) 2017/1129 dated 14 June 2017 as amended by the Regulation 2021/337 dated 18 March 2021, investors who have already agreed to

purchase or subscribe for Notes to be issued under the Programme before this First Supplement is published, have the right to withdraw their acceptances within a time limit of minimum three (3) working days after the publication of this First Supplement (i.e. no later than 6 november 2026), provided that the new factor, material mistake or inaccuracy referred to in the preceding paragraph was prior to the final closing of the public offer and delivery of the Notes. Investors may notify their usual Issuer's contact or their usual Authorised Offeror's contact, as the case may be, should they wish to exercise the right of withdrawal.

Copies of this First Supplement (a) may be obtained free of charge during usual business hours from the registered office of the Issuer and at the specified office of the Paying Agent(s) and (b) are available for viewing on the website www.axa.fr/Investors/AXA-Home-Loan-SFH and on the website of the AMF (www.amf-france.org).

RISK FACTORS 4

DESCRIPTION OF THE ISSUER 7

PERSON RESPONSIBLE FOR THE INFORMATION GIVEN IN THE FIRST SUPPLEMENT 10

RISK FACTORS

- The fifth paragraph of the risk factor entitled "*1.1.1 The Issuer is sole liable and has limited assets*" on page 23 of the Base Prospectus is deleted and replaced as follows:

  As of the date of this Base Prospectus, S&P Global Ratings has assigned long and short-term Issuer Credit Ratings of AA-/Stable to AXA Banque, Fitch Ratings Ireland Limited assigns long and short-term Issuer Default Ratings of AA-/Outlook Stable/F1+ to AXA Banque. As of 30 June 2026, the Collateral Security Assets totalled €3,737,522,786 and consisted of 28,280 loans. As of the date of this Base Prospectus, no cash collateral has been funded pursuant to the Collateral Security Agreement.

- The third paragraph of the risk factor entitled "*1.2.1 Liquidity risk*" on pages 25 and 26 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, Collateral Security Assets consisted of (i) 28,280 loans with an average seasoning of 82 months and a weighted average remaining term of 182 months (ii) other liquid assets for an amount of €94,242,400. As of 30 June 2026, the outstanding amount of Notes issued by the Issuer is €3,250,000,000 net principal amount and such Notes are scheduled to mature at the latest on 2042 (without taking into account any potential maturity extension).

- The third paragraph of the risk factor entitled "*1.2.2 Interest and currency risks*" on page 26 of the Base Prospectus is deleted and replaced as follows:

  As of the date of this Base Prospectus, all of the underlying home loans are fixed rate loans and are denominated in Euro. A portion of the Collateral Security is composed of other liquid assets as defined in Articles L. 513-7 and R. 513-6 of the French Monetary and Financial Code (see Section entitled "Overview of the legislation and regulations relating to *sociétés de financement de l'habitat*"), which may bear floating rate interests. Such other liquid assets amount to €94,242,400 as of 30 June 2026 i.e. two point ninety per cent (2.90%) of all of the outstanding Notes and shall never exceed the limits set out in Article R. 513-6 of the French Monetary and Financial Code. As of 30 June 2026, none of such other liquid assets bear floating rate interests.

- The risk factor entitled "*1.2.3 Risks related to disruptions to global geopolitical and economic conditions*" is amended on page 27 of the Base Prospectus as follows:

  The global economic and financial landscape in 2026 remains fragile, shaped by persistent geopolitical tensions, including the ongoing conflicts in the Middle East and the continuing Russo-Ukrainian war. These factors continue to fuel significant volatility across financial markets and foreign exchange rates, weighing on liquidity conditions and investor confidence worldwide. In this context, monetary policies remain cautious, seeking to contain inflation while supporting moderate economic growth, which contributes to an uncertain environment for banking institutions.

  In France, AXA Banque's mortgage loan production saw a slight increase in the second quarter of 2026 (€170,000,000) compared to the second quarter of 2025 (€146,000,000), reflecting a residential property market that continues to be constrained by elevated interest rates. The Issuer considers that this evolution in mortgage loan production will not affect its ability to comply with the minimum cover ratio provided for under the SFH Legal Framework. The Issuer further considers that the probability of occurrence of such risk is very low and that its potential impact would remain low.

- The second paragraph of the risk factor entitled "*1.3.1 Change to the lending criteria may affect the creditworthiness of the home loans*" on page 27 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, the Collateral Security Assets consisted of 28,280 loans with an average loan balance of €132,161 and a weighted average loan to value ratio of fifty-seven point forty-two per cent (57.42%). In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is likely and the impact of such risk could be very high.

- The third paragraph of the risk factor "*1.3.2 The value of the Collateral Security may not be sufficient*" on page 28 of the Base Prospectus is deleted and replaced as follows:

  As of the date of this Base Prospectus, the minimum cover ratio provided in the SFH Legal Framework is at least one hundred and five per cent (105%) As of 30 June 2026, the cover ratio of the Issuer was at one hundred and fourteen point six per cent (114.06%)

- The first sentence of the second paragraph of the risk factor entitled "*1.3.3 After an event of default of the Borrower under the Uncommitted Facility Agreement, notification of the debtors of the home loans may take time*" on page 28 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, Collateral Security Assets totalled €3,737,522,786 and consisted of 28,280 loans.

- The fifth paragraph of the risk factor entitled "*1.3.4 Credit risk of home loan guarantee provider may affect the Issuer*" on page 29 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, the home loans underlying the Collateral Security Assets at such date only include home loans with a guarantee by Crédit Logement, an independent home loan guarantee company licensed as a French *société de financement*. As of 30 June 2026, Crédit Logement, is thus the sole home loan guarantee provider guaranteeing the home loans underlying the Collateral Security Assets. The issuer's rating of Crédit Logement has been affirmed at Aa3 Stable outlook by Moody's on 16 December 2025 and at AA (low) Stable outlook by DBRS Morningstar on 27 May 2026.

- The fifth paragraph of the risk factor entitled "*1.3.5 Credit risk of the debtors of home loans may affect the Issuer*" on page 30 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, Collateral Security Assets totalled €3,737,522,786, and consisted of 28,280 loans with an average loan balance of €132,161, a weighted average loan to value ratio of fifty-seven point forty-two per cent (57.42%) an average seasoning of 82 months and a weighted average remaining term of 182 months and only include home loans with a guarantee by Crédit Logement, an independent home loan guarantee company licensed as a French *société de financement*. In the absence of full and timely

payment by the Home Loan debtors of any sums payable under the Home Loans, the Issuer's ability to meet its obligations under the Notes may be adversely affected.

- The eighth paragraph of the risk factor entitled "*1.3.6 Foreclosing on real property may be difficult and affect the Issuer*" on page 32 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, the home loans underlying the Collateral Security Assets at such date do not include home loans with a mortgage lien but only home loans with a guarantee by Crédit Logement. It is thus the Issuer's assessment that the probability of occurrence of such risk is unlikely but if the risk actually arises the impact of such risk could be high.

- The second paragraph of the risk factor entitled "*1.3.7 Prepayment and renegotiation policy of interest rates under the home loans may affect the coverage and yield of the Collateral Security Assets*" on page 32 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, the annualized early prepayment rate calculated in respect of the home loans across the last 60 months amounted to four point seven per cent (4.07%) [1].

- The sixth paragraph of the risk factor entitled "*1.3.7 Prepayment and renegotiation policy of interest rates under the home loans may affect the coverage and yield of the Collateral Security Assets*" on page 32 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2026, the cover ratio of the Issuer is at one hundred and fourteen point six per cent (114.06%).

- The last sentence of the fourth paragraph of the risk factor entitled "*2.1.3 Ratings of the Notes*" on page 34 of the Base Prospectus is deleted and replaced as follows:

  As of 30 June 2025, the outstanding amount of the Notes issued by the Issuer was €3,250,000,000 in aggregate principal amount. Since such date, a €500,000,000 OFH issuance matured on 22 October 2026. As a result, the outstanding amount of the Notes issued by the Issuer has decreased to €2,750,000,000 in aggregate principal amount as of the date of this Supplement.

- The last sentence of the third paragraph of the risk factor entitled "*2.3.2 Resolutions procedures under the EU recovery and resolution framework may have a limited impact on the Notes*" on pages 41 and 42 of the Base Prospectus is deleted and replaced as follows:

  In this respect it is worth noting that the value of the collateral granted as security exceeds the portion of the secured liabilities, the cover ratio of the Issuer being at one hundred and fourteen point six per cent (114.06%) as of 30 June 2026.
